Rule Summary

0. account lockout policy settings		FAIL
0.1	CCE-2928-0 The "account lockout duration" policy should meet minimum requirements.	FAIL
0.2	CCE-2986-8 The "account lockout threshold" policy should meet minimum requirements.	FAIL
0.3	CCE-2466-1 The "reset account lockout counter after" policy should meet minimum requirements.	FAIL
1. kerberos policy settings		N/A
1.1	CCE-3188-0 The "Enforce user logon restrictions" policy should be set correctly.	NOTCHECKED
1.2	CCE-2708-6 The "Maximum Service Ticket Lifetime" policy should be set correctly.	NOTCHECKED
1.3	CCE-2803-5 The "Maximum User Ticket Lifetime" policy should be set correctly.	NOTCHECKED
1.4	CCE-3063-5 The "Maximum User Renewal Lifetime" policy should be set correctly.	NOTCHECKED
1.5	CCE-3208-6 The "Maximum tolerance for computer clock synchronization" policy should be set correctly.	NOTCHECKED
2. password policy settings		FAIL
2.1	CCE-2994-2 The "enforce password history" policy should meet minimum requirements.	FAIL
2.2	CCE-2920-7 The "maximum password age" policy should meet minimum requirements.	FAIL
2.3	CCE-2439-8 The "minimum password age" policy should meet minimum requirements.	FAIL
2.4	CCE-2981-9 The "minimum password length" policy should meet minimum requirements.	FAIL
2.5	CCE-2735-9 The "password must meet complexity requirements" policy should be set correctly.	FAIL
2.6	CCE-2889-4 The "store password using reversible encryption for all users in the domain" policy should be set correctly.	FAIL
3. event log policy group		FAIL
3.1	CCE-2904-1 The application log maximum size should be configured correctly..	FAIL
3.2	CCE-2693-0 The security log maximum size should be configured correctly..	FAIL
3.3	CCE-3006-4 The system log maximum size should be configured correctly..	FAIL
3.4	CCE-2116-2 The "restrict quest access to application log" policy should be set correctly.	FAIL
3.5	CCE-2794-6 The "restrict quest access to security log" policy should be set correctly.	FAIL
3.6	CCE-2345-7 The "restrict quest access to system log" policy should be set correctly.	FAIL
3.7	CCE-3014-8 The "when maximum log size is reached" property should be set correctly for the Application log.	FAIL
3.8	CCE-2336-6 The "when maximum log size is reached" property should be set correctly for the Security log.	FAIL
3.9	CCE-2777-1 The "when maximum log size is reached" property should be set correctly for the System log.	FAIL
4. file permissions group		N/A
4.1	CCE-2784-7 The required permissions for the file %SystemRoot%\System32\Rcp.exe should be assigned.	NOTCHECKED

0. account lockout policy settings

FAIL

0.1 CCE-2928-0 The "account lockout duration" policy should meet minimum requirements.

FAIL

(0.1.0 and(0.1.1 or 0.1.2))
